COURSE GUIDELINES

INTRODUCTION

The core spirit of our liberation war was to build a glorious nation, a developed and prosperous Bangladesh-free from all types of exploitation and injustices. In achieving our liberation war's objectives, it is vital to create a contingent of civil servants with a higher level of professionalism and integrity and adequate knowledge of national and global issues. Bangladesh Public Administration Training Centre (BPATC) was established in 1984 as the lead institution to organize civil servants' professional training. The principal objective of BPATC is to develop a corps of well-groomed and dynamic civil servants by equipping them with adequate professional knowledge and skills, and moral values. BPATC maintains a set of core values in its training schemes, and these include discipline, integrity, inclusiveness, professionalism, learning for results, innovations, team spirit, participation, and mutual respect. Throughout the year, BPATC organizes several professional courses, such as Foundation Training Course (FTC), Advanced Course on Administration and Development (ACAD), Senior Staff Course (SSC), Policy Planning and Management Course (PPMC), Policy Dialogue for different groups of civil servants.

SENIOR STAFF COURSE

Senior Staff Course (SSC) is one of the main courses of BPATC for the policy-level officials of the government. While the course's main participants are the joint secretaries to the government, some officials of the same rank from the Armed Forces and Bangladesh Civil Service Foreign Affairs Cadre and Police Cadre can also join it. BPATC organizes the course in partnership with the Ministry of Public Administration as the latter provides the nominations for this training. SSC's general purpose is to allow the policy-level officials to understand governance and development's critical issues. As such, participants critically analyze the problems to determine the most appropriate strategies to address them. Moreover, developing leadership skills, particularly strategic decision-making, is another crucial objective of this course. The design of the modules of this course supports the participants to realize the purposes of the training.

Goals and Objectives of the Course

The goal of the course is to enhance participants' capability of dealing national and global issues professionally, efficiently and effectively.

The main objectives of the course are-

Domestic Exposure Visit

Evaluation Method: Group Assignment (Word Limit 600-800)

Total Marks: 100

Sub-Module Objectives:

To create opportunities for the participants to know the economy's transformation process by visiting different institutions/industries of the country. This visit also enables the participants to learn the governance culture and good practices of the visiting institutions and enterprises.

Role of the CMT

The CMT arranges visits for the participants to different institutions and enterprises. Public sector institutions, private sector enterprises, not-for-profit organizations, media outlets, military establishments, places of historical and tourist attractions etc. are the expected institutions for domestic exposure visits.

Group Assignment

CMT briefs the participants about the visit protocol and assignment before any visit. Group assignment should ideally incorporate the following issues: (a) an overview of the visiting institution; (b) governance; (c) learning points/good practices; (d) recommendations for public sector institutions in terms of realizing institutional goals and governance improvement.

Part II.

Overseas Training

Evaluation Method: Group Report Preparation and Presentation

Total Marks: 1004

Sub-Module Objectives: To enable the participants to practically see, observe, and realize the development and trend of the progress of the visiting country. Overseas Training creates a unique opportunity for the participants to understand the critical factors of the visiting country's growth and success and their replicability in Bangladesh.

Management of the Overseas Training

Ministry of Public Administration identifies the country and the institution as part of the Overseas Training (OT) for 10 days, excluding the travel period. Usually, an advanced or emerging country, in terms of economic development, is selected for OT. The visit takes place after the completion of the course at the BPATC. BPATC and MOPA jointly organize the OT, and the latter arranges a briefing on this training before it practically takes place and bears the cost of the OT.

⁴ Breakdown of total marks: presentation at the host organization (overseas part): 50; presentation at the BPATC as lesson learned workshop (LLW): 50 (group report: 25 and individual participation: 25).

Roles and Responsibilities of the Participants in the OT

During the visit, the participants are expected learn about different policies, strategies, and practices, in general and sector-wise, contributing to the visiting country's development. As part of the OT, the participants will get the opportunity to visit different institutions, and thereby, they learn many things in detail. Participants prepare a comprehensive report on the OT, where the following issues are included: (a) overview of the visit; (b) different aspects of the development journey of the country (overall and sector-specific); (c) learning points for Bangladesh.

Participants should be very active and engaged in the visit to understand and identify the critical factors of the visiting country's development. Participants should also smartly and gently interact with their counterparts to deepen the sense of partnership and cooperation.

Methodology and Briefing on Assignments Under OT

Group Formation

Participants are organized in different groups, and each group may consist of 4-5 participants. CMT make the grouping. Each group gets a sector-specific topic from the CMT for study during the OT.

Overseas Part

Each group prepares a group report on the OT and presents it at the visiting country's host/designated institution. The group report and presentation cover the assignment of the overseas part. The group prepares the report and presentation, focusing on the assigned topic. While discussing policies, strategies, and experiences in the visit report, each group should specifically look at its given subject.

BPATC Part

Lessons Learned Workshop (LLW)

After returning from the visit, BPATC organizes a 'lessons learned workshop (LLW)' where each group presents their visit report according to their assigned topic. Each group gets 30 minutes: 10 minutes for presentation and 20 minutes for Q&A. Group presentation may be made by one or some members of the group; however, all members must participate in the Q&A; otherwise, the member(s) who do not take part in the Q&A cannot qualify in the 'individual participation' segment which bears 25 marks.

A panel of experts evaluates the report and presentation in the LLW. Participants of other on-going courses at the BPATC may join the audience of the LLW, and they may also ask questions.

GUIDELINES FOR POLICY EVALUATION PAPER

Introduction

Writing a policy evaluation paper by doing policy analysis and evaluation is an integral part of the Senior Staff Course and is part of Module 3. Each participant must write a 'policy evaluation paper' and present the paper before a panel of evaluators comprising faculty members of BPATC and renowned academics and practitioners. This brief guideline supports the participants in writing the evaluation paper.

This exercise gives the policy-level participants a practical opportunity to understand the policy process and, at the same time, to critically analyze the public policies to realize to what extent they are useful and relevant. By writing a policy evaluation paper, the participants understand the complexities and multidimensional dynamics of the public policy process. Moreover, participants gain professional knowledge and expertise to comment on the necessity, effectiveness, efficiency, validity, etc. of the public policies. Such evaluations also helps improve the policy formulation and implementation process.

Specific Objectives of Writing the Policy Evaluation Paper

The following are the specific objectives of the assignment:

- understanding different aspects, notably different theories, tools, and techniques, of public policy analysis and evaluation;
- using social research methods to analyze and evaluate public policies;
- making the participants able to write formal evaluation paper complying with standard methodological norms and requirements;
- improving critical analytical abilities; professional writing and presentation skills;
- enhancing the logical sequence and argumentation process.

Note on the Analysis

While analyzing a particular policy, the participants may keep the following points in mind to better develop the paper:

- advantages/disadvantages of the policy under consideration (in terms of effectiveness, costs, enforcement, and public acceptance);
- economic, social, environmental, cultural impacts/implications of the policy;
- potential challenges to implementing the policy;
- the outlook of the policy, if it benefits the elite or the general people not;

Individual Assignment

Each participant should individually evaluate an existing policy of his/her own Ministry, Division, and Directorate and **prepare a paper**. During the preparation of the policy evaluation paper, a team of research consultants supports the participants. Members of the consultancy team act as mentors for the participants. Each participant should make an oral presentation on his/her paper.

Technical Requirement for the Preparation of the Policy Evaluation Paper

Maintaining Academic Ethics

No data, text, facts, ideas, or theories belonging to others presented in a way as if they were the author's own ("plagiarism") are accepted. Proper acknowledgment of other's work must be given and

this includes material that is closely copied (near verbatim), summarized and/or paraphrased. Quotation marks are used for verbatim copying of material, and permissions are secured for copyrighted material.

BPATC uses **Turnitin** software to screen plagiarism. If there is a suspicion of plagiarism, the concerned authority will carry out an investigation. If, after research, the allegation seems to raise valid concerns, the accused author will be contacted and allowed to address the issue. If any participant violates BPATC's prescribed policy regarding plagiarism, BPATC will not accept his paper, and this may result in disciplinary actions.

Length

The length of the paper should be between 3000 and 5000 words.

Bangladesh Public Administration Training Centre

1.0 Introduction

Every modern state generally strives to establish a public administration training institute at the national level for mitigating the demands for ready human resources for running the state affairs effectively and for rendering the best services to the citizenry. Bangladesh Public Administration Training Centre (BPATC), as a centre of excellence and a premier regional hub, is dedicated to providing effective, inclusive and self-mandated and bespoke training for civil servants in the public sector in Bangladesh. The Centre is entrusted to meet national and global challenges of the modern era through imparting state-of-the-art training in the public sector.

The spirit of our liberation war in 1971 was to build a glorious, developed, and prosperous Bangladesh free from all sorts of exploitations and injustices. In order to achieve the goal, a group of well-groomed, professional, and skilled civil servants in all tiers is a must. The national commitment is to build up a smart Bangladesh and developed country. We need hardware, software, and human resources to achieve the target. Human Resource is the most important aspect to ensure digital Bangladesh and achieve Sustainable Development Goals and Vision 2041. BPATC can be treated as the nursing home of human resources to cater to these dire needs.

The main mandate of BPATC is to provide the highest quality training to groom up the officers of entry-level, mid-level, and even at the senior-level as the best administrative leaders of the soil. The Centre is relentlessly working to perform its assigned duties properly. We believe any training institution is preaching and practicing a house of good governance. Therefore, we try to encourage the participants by saying the best words and by demonstrating the best practices. We would like to reiterate that we religiously believe in transparency, accountability, justice, and fairness. Our humble expectation from our participants is that they will also avail themselves of the opportunity to reinforce their positive attitude, pro-activeness and working spirit through the training received here. We are always with our esteemed participants to provide the best services as much as possible.

2.0 Foundation of BPATC

With the dire necessity of fulfilling the demand for ready human resources of a newly born independent country and achieving the dream of the father of Nation Bangabandhu Sheikh Mujibur Rahman's Sonar Bangla, creating a core of efficient, dynamic, competent, citizen-focused, proactive, and patriotic public servants for rapid and sustained development, BPATC emerged in 1984 as an autonomous organization amalgamating the then four institutions:

- 1. Bangladesh Administrative Staff College (BASC)
- 2. National Institute of Public Administration (NIPA)
- 3. Civil Officer Training Academy (COTA)
- 4. Regional Staff Training Institute (STI)
